

## READY TO BEGIN MAKING NITRATES

Plant No 2 at Sheffield Will Extract Nitrates From Air Early in August.

(Special to The News.)

Dalton, Ga., July 25.—Tired out, but satisfied with results of the three weeks' drive on the northwest Georgia moonshiners, the internal revenue department's wrecking crew for this section returned to Dalton Wednesday. Headed by J. Camp, deputy collector for northwest Georgia, the wreckers consisted of Mr. Camp and the following deputy collectors: H. B. Stubbins, of South Boston, Va.; J. H. Reed, of Asheville, N. C.; H. Rhyme, of Gastonia, N. C.; and C. A. Moses, of Hickory, N. C. On arriving here, Mr. Camp reported the "capture" of the following:

Thirty-two illicit distilleries, 248 fermenters, 32 fake stands, 50-gallon barrels of molasses, 23,700 gallons of beer, 25 axes, 10 hoes, 20 shovels, 56 mauls, 48 buckets, fifteen mauls, 3 copper stills, 7 copper caps, 7 copper worms, 1 good mule, 1 hog, 25 gallons of "white lightning," together with evidence enough to indict 21 men.

Just how severe the moonshiners suffered in the loss of "war supplies" is shown by Mr. Camp's statement that the beer alone would have made 1,610 gallons of whiskey, which the moonshiners had sold for at least \$150, and the bootleggers, even where he had much competition, could have realized \$15,000 on it.

The largest outfit destroyed consisted of a 223-gallon copper still with 20 fermenters and other paraphernalia that goes to make up a complete outfit. With it, 6,000 gallons of beer and a 50-gallon barrel of molasses were seized.

The wrecking crew began the special drive on July 3, when similar drives were begun by four other "flying squadrons" in as many different sections of Georgia.

The wrecking crew was composed of Fannin, Union, Polk, Floyd, Gordon, Whitfield, Murray, Chattooga, Dade and Chattooga counties.

The crew took time to run over the Tennessee line and destroy one still, and over the Alabama line for another.

Mr. Camp is in Atlanta today for the purpose of informing the twenty-one men against whom sufficient evidence was secured.

**RUMORED VOICE OF LABOR WILL BECOME A DAILY**

(Special to The News.)

Knoxville, July 25.—Knoxville may soon have another daily newspaper. It is rumored that the Voice of Labor, now issued weekly, will become a daily. No confirmation of the rumor or announcement has yet been made by the owners, however.

## DECATUR HELPS RELIEVE OVERFLOW FROM SHEFFIELD

(Special to The News.)

Decatur, Ala., July 25.—The overflow from Sheffield seeks relief as far away as this city and Huntsville, and a new train has been put on between Sheffield and Huntsville to relieve the congestion.

## HUNTSVILLE MEAT DEALERS STOP DELIVERING GOODS

(Special to The News.)

Huntsville, Ala., July 25.—All of the meat dealers of Huntsville have agreed to stop delivering goods and in this way release considerable number of porters and delivery boys.

## GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" will save your hair and double its beauty at once.

Try this! Your hair gets soft, wavy, abundant and glossy at once.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair—soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Danderine and you will find that it will be an appearance of abundance, freshness, firmness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—growing all over your scalp—Danderine is, we believe, the only cure hair grower, destroyer of dandruff and cure for itching scalp. It never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries

## LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Use a little of this fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Kaiser Calls Grand Military Council

Forbids Publication of French Dispatches—Error to Underestimate Americans.

Berne, July 25.—A grand council of war, at which all German sovereigns and military chiefs will be represented, has been called by the kaiser.

For the first time since the battle of the Marne began, said a dispatch from a German source today, German newspapers are not printing the communiques issued by the French war office.

"It is an error to underestimate the power of the German press," said the Berliner Tageblatt was quoted as saying.

It is assumed that the German censor has forbidden the use of the French war office statements to hide the American and French victories.

Baxter Testimony Was Badly Mixed

Trial of Noted Murder Case Closed Wednesday Night, Arguments Begun.

(Special to The News.)

Dalton, Ga., July 25.—P. B. Baxter, charged with murder, was arraigned in superior court here Wednesday morning, and the entire day and taking the testimony. All testimony was in by 6 o'clock in the afternoon, and court recessed until 7:30 Wednesday night, when the arguments of the attorneys were begun.

The testimony of the witnesses was badly mixed. The state attempted to show that Baxter shot Imbroski when Imbroski had his left side presented to him and that the homicide was without provocation. Several witnesses swore that Imbroski had no weapon in his hand when the officer shot him.

The defense's case was that at the time Baxter shot the man who killed Imbroski the soldier had an automatic army pistol pointed at him; that he was in the discharge of his duty at the time, having responded, with a fellow officer, to the call of Mrs. M. V. Brown, wife of the proprietor of the restaurant where the killing occurred, who stated that the soldiers were drunk and she wanted them arrested.

## THIRTY-TWO ILLICIT DISTILLERIES SEIZED

Wrecking Crew of Revenue Officers Makes Three Weeks' Drive in Georgia.

(Special to The News.)

Sheffield, Ala., July 25.—Plant No. 2, located at Sheffield, of the big nitrate works of the government, will be on time in the matter of beginning to produce nitrates. Some time in August this plant will begin taking from the air this powerful explosive. This will be run under steam power until the four big dams across the Tennessee river at Muscle Shoals are built.

It is estimated that it will take six years to fully complete the great works sited here, and will cost around \$400,000. The cost originally was estimated at \$130,000,000. Some idea of the immensity of these great plants can be gleaned from the fact that 22,500 men are now employed in their construction, and the weekly payroll is \$1,900,000.

More money is sent away from here by telegraph than from any station in the world, except New York City. Some delay has been occasioned by lack of material. Shortage of material and labor also delays great building operations in Florence and Sheffield. The nitrate plant gets the first call for both labor and material.

BRONCHO RUNS AMUCK, SMASHES TEN-CENT STORE

Auto Horns and Blacksmith's Hammer Too Much for High-Strung Equine. New York, July 25.—The heat, the honking of an automobile horn and the efforts of a blacksmith to put shoes on its feet so shattered the nerves of a western broncho just arrived in the Brownsville section of Brooklyn that it ran amuck late today. The casualties included the serious injury of two men and the wrecking of a five-and-ten-cent store. The men were hurt trying to get out of the way.

The store was well filled with shoppers when the horse made a spectacular entry through a show-window. Clerk and customers fled in panic, and the animal screamed so lustily the police reserves were called, but the broncho went out the front door without slackening its speed after hurling a counter. A motor-cycle policeman saw the horse emerge from the store and followed him. He caught the animal after a pursuit of fifteen blocks.

MYSTERIOUS SHIP SEEN SOUTHWEST NANTUCKET

Rusty With Camouflage, Armful, With Heavy Crew—Thought to Be Hun.

Gloucester, Mass., July 25.—Capt. William Price, of the fishing schooner Elizabeth King, which arrived here last night, reported an encounter last Sunday with what he believed was a German raider about twenty miles south-southeast of Nantucket south shore lightship. A description of the vessel was sent the first naval district headquarters in Boston.

Capt. Price said the steamer approached within 100 feet of the Elizabeth King, keeping forward and aft guns trained on the schooner.

"I expected he would hail us," said Capt. Price, "but he did not, so I asked him through a megaphone if he had seen any fishing vessels in that vicinity. An officer shouted back something in a foreign language that none of us understood."

The steamer was about 2,500 tons, and looked as if it had been at sea a long time. Two unusually long wireless masts rose from the deck. It bore no name nor home port and flew no flag. It had been camouflaged, apparently, but the paint was nearly washed off and the sides were covered with iron rust. There was a very large crew aboard, Capt. Price thought.

The incident occurred between 5 and 9 o'clock in the morning. This was three hours before a German submarine appeared off Orleans, on the Cape Cod coast, and attacked a tugboat and its tow of barges. The postcard given by Capt. Price places the steamer in the lane of transatlantic travel.

The sinking of the Gloucester fishing fleet, Monday, by a German submarine has not intimidated fishermen here. Schooners have gone to sea since the news was received, and the captains declare they will keep on fishing in spite of enemy submarines.

HUNTSVILLE BOY IS ARRESTED FOR ROBBERY MAILS

(Special to The News.)

Huntsville, Ala., July 25.—Lucian Moseley, a 17-year-old negro boy, who has been employed as driver of the mail wagon between the Huntsville postoffice and the railway stations, has been arrested and is in jail on a charge of stealing money from the mails.

It is assumed that the German censor has forbidden the use of the French war office statements to hide the American and French victories.

## TWELVE REASONS WHY I AM OPPOSED TO CUMMINGS:

I want all the taxpayers and citizens of Hamilton county to know why I am opposed to the re-election of Judge Will Cummings.

First—Because he has signed and sold more county bonds than any other county judge in the state of Tennessee.

Second—Because he has incurred and made such a large debt on the taxpayers that it now taxes over one-fourth (1/4) of all our tax money to pay the interest to the "bonded bondholders."

Third—Because he has incurred and made such a large debt that in order to meet and pay the interest alone on the debt every man, woman and child must pay to these "bonded bondholders" \$2.72 each year.

Fourth—Because he helped to have issued and caused to be sold \$125,000 of bonds to repair the old Walnut street bridge, when he knew that it would not take near that much money to repair the bridge, and when he knew that the repairs were being made for no other purpose than to make the bridge safe for the electric railway people.

Fifth—Because he said in his talks and in his publications that the \$51,000 he gave to the "bonded bondholders" to get them to buy our bonds was not a debt he made, but said that it was a debt made by a "previous county judge." He now admits that he made this debt and made it by discounting Hamilton county bonds.

Sixth—Because he now says that we are only taxed on a 40 per cent. basis, while other counties, as he says, are assessed on a 75 per cent. basis. I, from this statement of his, and knowing of his love and glory in expending and spending money, infer that he will insist on our tax assessment being doubled.

Seventh—Because I know that with the tax rate we now have and which must be increased if he ever expects to pay our "bonded" indebtedness, that this pit and county cannot prosper.

Eighth—Because we now owe a large "bonded debt" than Shelby county, Knox county and Davidson county combined and this is what causes each taxpayer in this county to pay out over five times as much interest as the taxpayers of Shelby county, Knox county or Davidson county pay.

Ninth—Because I know that there is a law already passed which authorizes the county to issue "bonds" for another "bridge" to be built down the river, and I believe that if Judge Cummings is re-elected it will be built.

Tenth—Because Judge Cummings went to Nashville and worked for and caused to be passed a law fixing his salary at \$5,000 per year. I think that the county court should have been consulted about this matter or the citizens of Hamilton county alone should control in this matter.

Eleventh—Because Judge Will Cummings' administration is causing the taxpayers to pay double the amount of interest year to year to "salary men" for his office than any other county judge ever paid.

Twelfth—Because when "Wauhatiech picky" is fully completed this " scenic route" will cause the hard-working and suffering taxpayers to labor for the balance of their lives to keep up with and pay the interest due to the bondholders on the bonds issued to build it and other "scenic wonders."

I have just given twelve of my reasons. I have 100 more which I will gladly tell to you if you will call at my office.

I would publish them with this letter, but I am afraid that I will be served with another "health officer" with another threat to keep my "mouth shut."
